

Fact Sheet

Relocatable Play Pod

Product Overview

The Relocatable Play Pod is the ultimate solution for councils seeking a versatile, compact playground that can be easily moved to different locations within a city. Proudly designed and manufactured in New Zealand, the Play Pod combines innovation, safety, and adaptability to deliver engaging play opportunities for communities all around Aotearoa.

Key Features

Proudly New Zealand Made

- Designed and manufactured locally, supporting Kiwi craftsmanship and providing local jobs.
- Reduces transportation emissions, contributing to sustainability.

Portable Design

- Engineered for easy relocation to maximise usage across multiple locations.

Engaging Aesthetic

- Visually vibrant and inviting, signalling fun and excitement wherever it's placed.

Customisable

- Tailored to reflect the unique story or theme of each location, creating meaningful community connections to the local environment.

Safety Standards-Compliant

- Fully meets New Zealand Playground Standards for safe, worry-free play.

Cost-Effective and Durable

- Constructed with hard-wearing materials to withstand New Zealand's diverse climates.

Off-Grid Capability

- Operates independently of infrastructure, making it ideal for urban and remote settings.

Applications

- Temporary event installations
- Pop-up play spaces in underutilised areas
- Long-term installations with the flexibility for future relocation
- City centres, remote locations and islands

Benefits

- Flexibility: Easily relocated to meet changing community needs.
- Community Impact: Enhances access to play for children in various locations.
- Sustainability: Locally made with reduced transportation emissions.

Specifications

- Dimensions: L 6047mm x W 2803mm x H 3512mm
- Material: Durable, weather-resistant materials compliant with New Zealand standards
- Safety Standards: Fully compliant with New Zealand Playground Standards
- Customisation Options Available: pod panels, theme and colour

Example Installation
